

PRESENTATION TO:  
ECA HOUSING SUMMIT

05 SEPTEMBER 2018

# HOUSING AND HEALTH OUTCOMES

THE EVIDENTIAL LINK

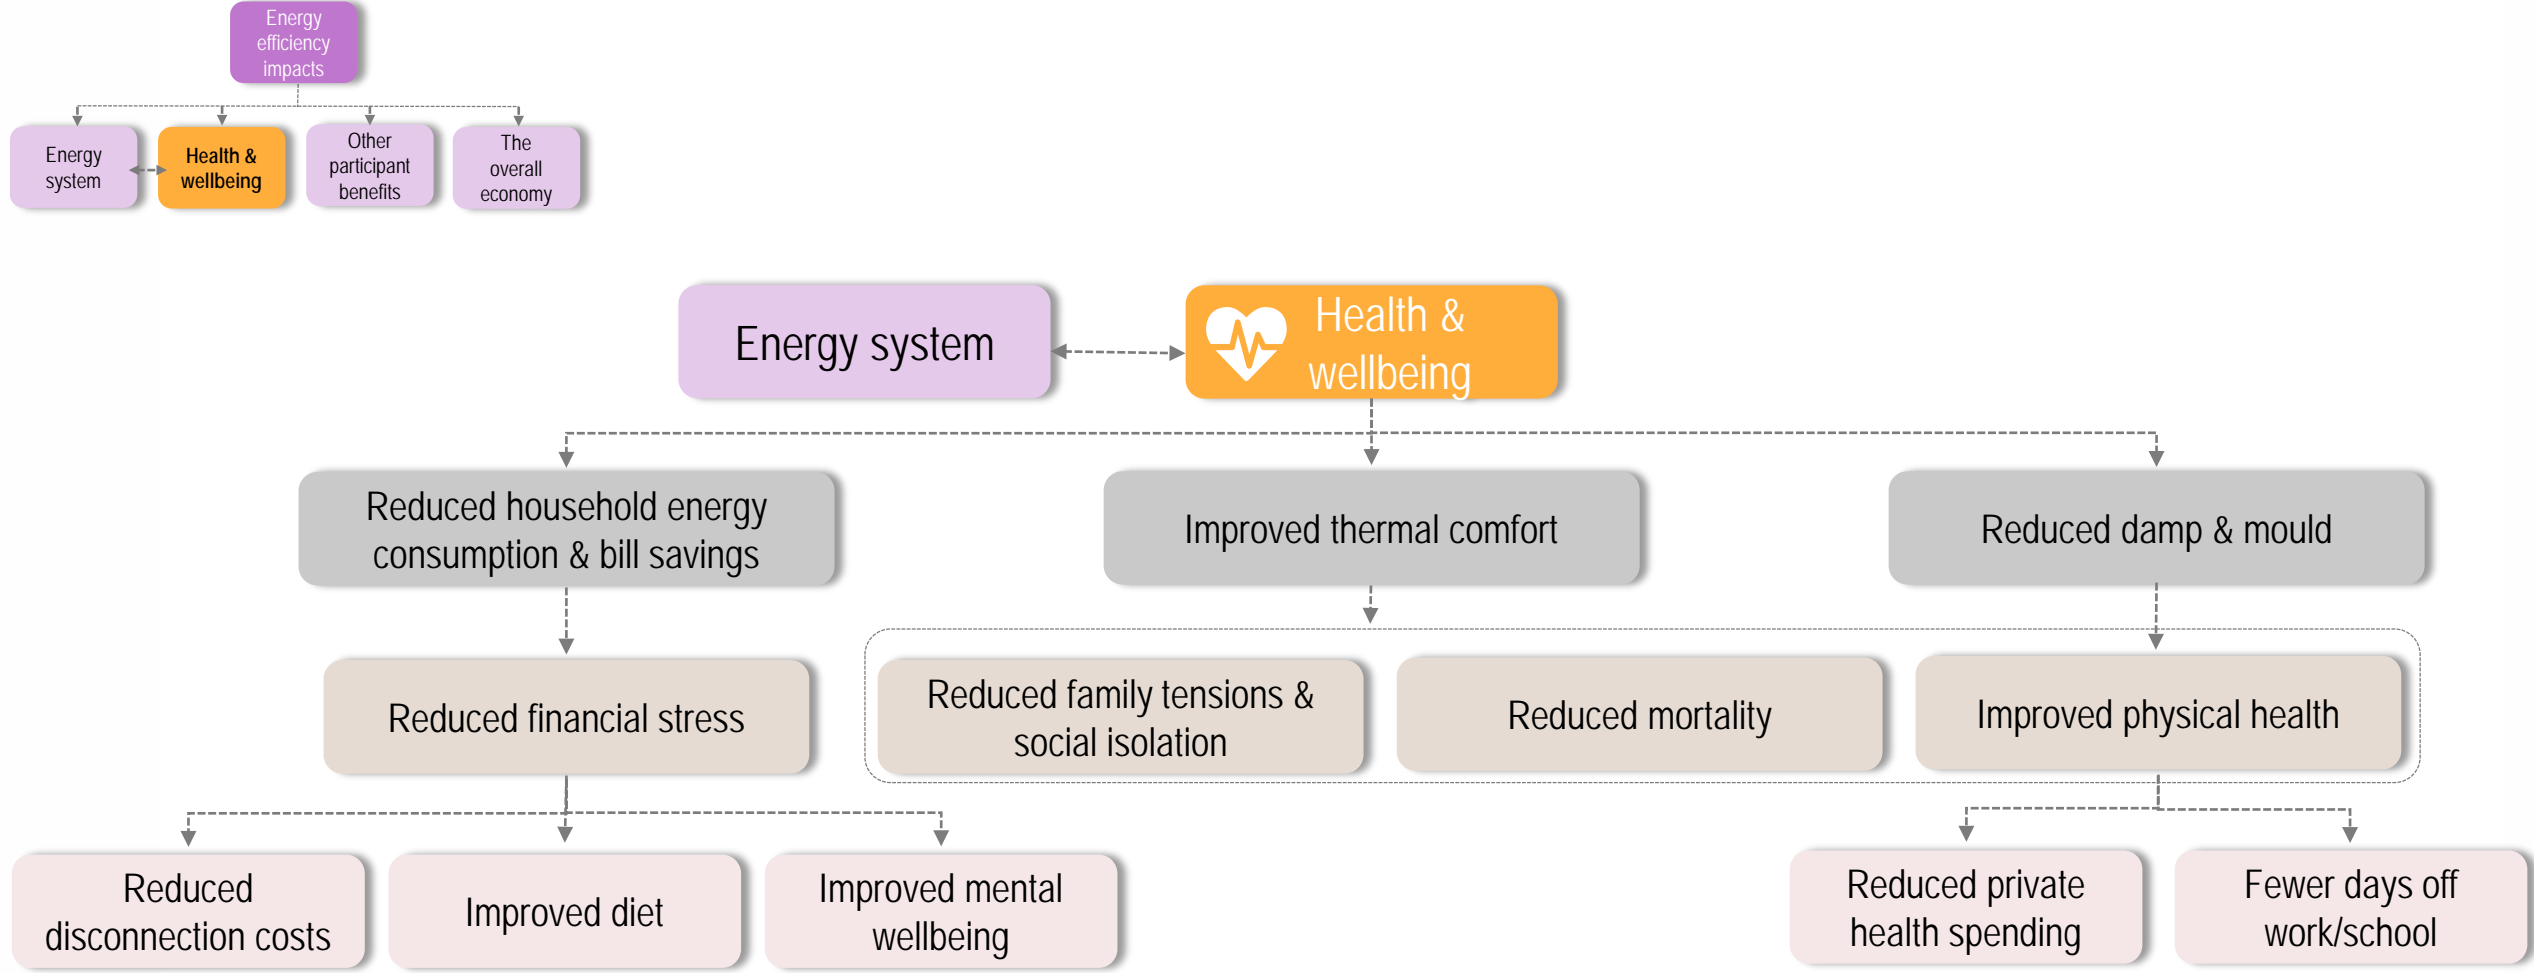

PRESENTER:  
MARIANNE LOUREY

LOCATION  
SYDNEY

# THE MULTIPLE IMPACTS OF ENERGY EFFICIENCY

# HEALTH AND WELLBEING IMPACTS

# IMPACT FRAMEWORK COMPONENTS

## Evidence of causal link

- The theoretical foundation for the impact and the strength of the supporting empirical evidence

## Materiality of impact

- Relative magnitude of the impact (in programs where impact is expected to occur)

## Robust methodology

- Degree to which well established research protocols exist

## Robust estimates

- The number of robust studies from which to draw estimates

## Transferability of estimates

- Whether existing estimates are transferable to an Australian context

# HEALTH AND WELLBEING IMPACTS

	Evidence of causal link	Materiality of impact	Robust methodology	Robust estimates	Transferability of estimates
Reduced mortality	✓✓✓	✓✓✓	✓✓✓	✓✓	✓!
Improved physical health	✓✓✓	✓✓	✓✓✓	✓✓	✓!
Reduced public and private health spending	✓✓	✓✓	✓✓✓	✓✓	✓!

 Caution: refer to the report before applying this information

 Care should be taken to only transfer estimates from comparable programs/contexts.
