Lessons learned

- Energy advisory services serve a wide range of consumer needs:
 - Assisting home buyers / renters with identifying features and performance benchmarks
 - Assisting with home owners / landlords with renovation advice
 - Assisting renters manage their energy bills
 - Need to cover all motivators (bills, valuation, thermal comfort, health, environmental impact)
- Alignment with industry
 - Scalable business model in place for home energy professionals, product / service providers
 - Partnerships with accreditation organisations for products, installers and services
 - Partnerships with financial institutions for funding improvements, property valuation, mortgage default risk etc
- Alignment with government
 - ESS / VEET etc
 - Rebate / hardship schemes
 - Minimum performance standards
 - Rating schemes
